

PDFchemy Vanguard - Benign Compatibility Test

Expected result: OPEN / CLEAN

This PDF is intentionally benign.

It contains normal document metadata, an ordinary HTTPS hyperlink, bookmarks/outlines, an internal destination, a destination-form OpenAction, and one benign embedded file that is also referenced through /AF.

It contains NO JavaScript, NO /Launch action, NO dangerous automatic action, NO encryption, and NO malformed content.

Ordinary HTTPS link:

<https://example.com/pdfchemy-vanguard-benign-test>

Internal navigation link to page 2:

Go to page 2

Page 2 - Internal Destination

This page exists to provide a normal internal destination.

A bookmark points here, and page 1 links here using an internal GoTo.

Nothing on this page is executable.
